Company Description

Deskbird offers a comprehensive suite of tools to manage desk booking, room booking, week planning, and analytics.

A sleek, modern interface makes managing office resources and schedules easy. It's fully integrated with MS Teams and GDPR compliant.

Features

- Desk Booking: Book shared desks and other resources with ease.
- Room Booking: Book and sync meeting rooms with Outlook and Google calendars. No more double bookings or missed meetings.
- Week Planning: Schedule office or remote work days and check colleagues' schedules.
- Analytics: Monitor office utilization and gather insights to improve workplace satisfaction and maximize office ROI.
