

# Geomiq – Digital manufacturing platform

GEOMIQ

## Description

Geomiq is the UK's leading Digital Manufacturing Marketplace. An innovative B2B MaaS (Manufacturing as a Service) platform and Artificial Intelligence (AI) powered systems that connect buyers and sellers with unprecedented efficiency.

Geomiq digitizes the custom manufacturing market by

- (i) finding the most relevant supplier
- (ii) facilitating the sharing of technical information between seller and buyer
- (iii) speeding up the issuing of quotations and reinforcing the follow-up of the order

- Target segment: MaaS
- Business model: Supporting the on demand manufacturing process through an end-to-end platform
- Clients: mid-size manufacturers, engineers, fast-moving hardware companies

## Key contacts & AVP investment

- Fundraising : Early Stage– 2022
- Founders: Sam Al-Mukhtar, Will Hoyer Millar  
<https://geomiq.com/>
