■ COMPLIANCE - FDA 21 CFR PART 11

FDA 21 CFR Part 11. The purpose of the regulation is to ensure that "electronic records" can be trusted in the same way that handwritten records.

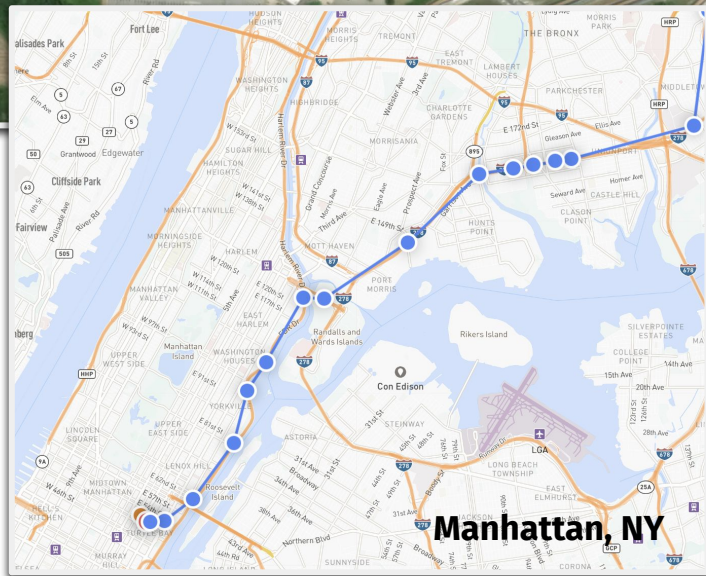

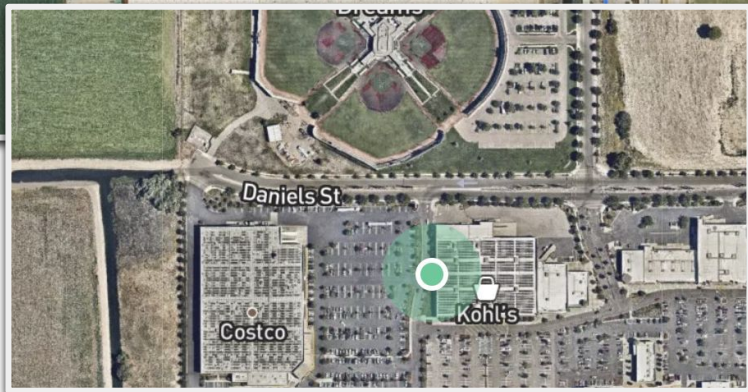

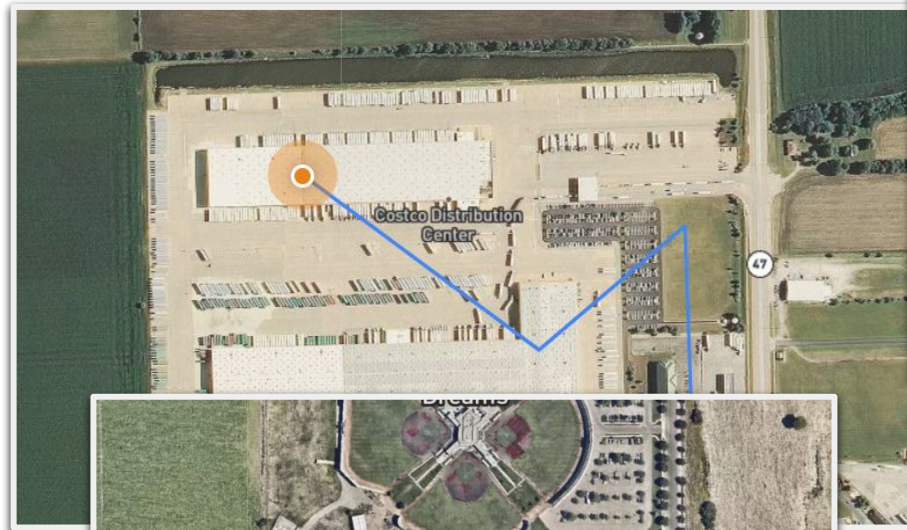

■ TEMPERATURE ACCURACY & CALIBRATION - 3 POINT NIST CALIBRATION

Tive trackers have been tested by an ISO17025-certified laboratory.

■ GAMP-5

Tive is proud to follow **Good Manufacturing Practices** (GMP) including GAMP-5. Our ongoing company-wide quality policy and methodology assure that we document both hardware and software development processes, validate the output and control changes.
