

Scale seamlessly on Google Cloud with *DoiT for Startups*

Built for startups who want to continuously optimize their infrastructure and costs as they grow, *DoiT for Startups* gives eligible companies uncapped access to Google Cloud experts and FinOps-certified cost optimization tooling at prices that won't break your budget.

Benefits of *DoiT for Startups*

Senior Cloud Architects on demand

Spend more time solving cloud challenges — and less time figuring out how to solve them — with uncapped access to senior cloud expertise for consulting, upskilling, and support through [DoiT Cloud Solve](#).

Big savings on BigQuery

Reduce BigQuery costs with automated optimization recommendations and usage insights from [BigQuery Lens](#).

FinOps-certified cost optimization technology

Allocate your cloud costs, build budgets, catch anomalies, and get proactive savings recommendations with [DoiT Cloud Navigator](#).

DoiT for Startups Offers

Offer 1

- 1x Technical Kick-off (TKO)
- 2x Workshops (for optimizing existing workloads) - OR - 1x Accelerator (for fast-tracking new workloads)
- Funding for 3x Google Cloud Professional Cloud Architect exams

Offer 2

- 1x Technical Kick-off (TKO)
- **50% discount*** on DoiT Cloud Solve — uncapped access to 180+ Senior Cloud Architects for infrastructure**
- **50% discount*** on DoiT Cloud Navigator — FinOps-certified cost optimization technology**
- Funding for 3x Google Cloud Professional Cloud Architect exams

*Discount offered for 12 months

**Includes 45-day free trial

Eligibility requirements

Spend less than \$20,000/month on GCP.

Procure GCP through [DoiT Cloud Advantage](#) (\$0/month).

Expertise and tools for simplifying your most important cloud challenges

doit Solve

Uncapped access to 180+ senior Cloud Architects, whether you need a subject matter expert's advice, team-wide upskilling or help fighting fires in production.

Standard

- 24/7 access to Sr. Solutions Architects for AWS consulting and support across compute (GCE), networking (GCLB) and storage (GCS and GCPS) services

~~\$200/month~~ **\$100/month**

Enhanced

- 24/7 access to Sr. Cloud Architects for consulting and support across all Google Cloud services
- Access to cloud optimization workshops
- Unlimited access to cloud-native trainings

~~\$1000/month~~ + 1% of cloud spend
\$500/month + 0.5% of cloud spend

doit Navigator

FinOps-certified technology that makes it easy to understand, optimize, and control your cloud costs as you scale.

Standard

- GCP cost reporting and shareable dashboards
- Cost allocation
- Anomaly Detection
- Up to 3 Budgets
- 13 months of data retention

~~\$200/month~~ **\$100/month**

Enhanced

- All Standard-tier features
- Automated cost optimization recommendations
- Advanced cost allocation
- Advanced GKE reporting
- [BigQuery Lens](#)
- 36 months of data retention

~~\$1500/month~~ **\$750/month**
